Subject: Congratulate the new ASA Fellow you nominated!

Dear Carl,

On behalf of the American Statistical Association Committee on Fellows, I take great pleasure in informing you that your nominee, **Milo Schield**, has been selected as a Fellow of the American Statistical Association. The 2018 ASA Committee on Fellows congratulates you for preparing a successful nomination. Please feel free to convey this good news to your nominee as soon as you wish.

In a forthcoming e-mail to the newly selected Fellows, ASA will let them know what information will be needed from them, and will also briefly outline important details about the process of preparing for and attending the awards ceremony.

We hope that you can join us for the ceremony, which will be held on Tuesday, July 31, 2018 at the Vancouver Convention Center during the Joint Statistical Meetings awards ceremony. You are also invited to attend the New Fellows Reception on Tuesday, July 31. ASA will e-mail you an invitation for the reception and more detailed information about the awards ceremony after the JSM schedule and room assignments are complete.

If you should have any questions or need assistance with any details, please feel free to contact Thierryne Ntiranyuhura at thierryne@amstat.org.

Sincerely,

Paul Gallo

Chair, on behalf of the Committee on Fellows
