Odysseys2Sense:

This guide documents the system features of Odyssey: the system functions and reports.

It gives no advice on how to use these features to monitor and enhance student learning.
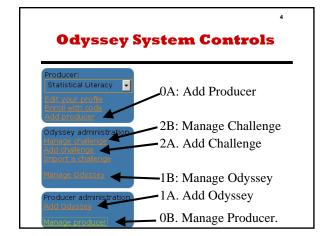

For user information, see www.StatLit.org/pdf/

Odysseys2Sense: Benefits for Producers

The Odyssey system features and reports allow producers to
- setup new Odysseys for new groups
- setup new challenges
- setup user requirements for a challenge
- produce various reports to monitor user participation and progress
  - At the Odyssey level (over all challenges)
  - At the Challenge level

**Recommendations:
Before Using Odyssey**

USER PERSPECTIVE:
Study the User Guide at www.StatLit.org/pdf/2012-Odysseys-Guide1-6up.pdf.   If possible, participate in an Odyssey to appreciate user needs.

PRODUCER PERSPECTIVE:
Study these system controls to see what they do; study these system reports to see what they say. If possible, participate in an Odyssey as an administrator (producer) to better understand how the controls and reports are used.
