Odysseys Guide2 2

Odysseys2Sense:

This guide documents the system features of Odyssey: the system functions and reports. It gives no advice on how to use these features to monitor and enhance student learning. For user information, see www.StatLit.org/pdf/2012-Odysseys-Guide1-6up.pdf

Odysseys Guide2 3

**Odysseys2Sense:
Benefits for Producers**

The Odyssey system features and reports allow producers to

- setup new Odysseys for new groups
- setup new challenges
- setup user requirements for a challenge
- produce various reports to monitor user participation and progress
 - At the Odyssey level (over all challenges)
 - At the Challenge level

Odysseys Guide2 4

Odyssey System Controls

0A: Add Producer (points to 'Add producer')

2B: Manage Challenge (points to 'Manage challenge')

2A: Add Challenge (points to 'Add challenge')

1B: Manage Odyssey (points to 'Manage Odyssey')

1A: Add Odyssey (points to 'Add Odyssey')

0B: Manage Producer (points to 'Manage producer')

Odysseys Guide2 5

0A: Add Producer within an Odyssey

To become a producer, contact the system manager, Larry Copes, at copes@edmath.org

He can set up a new producer using these system controls.

Set up new producer

Producer title:

Producer type (course, media, general, etc.):

Set it up

Cancel

Odysseys Guide2 8

1A. Add Odyssey: Features

Type:
 Publicly available
 Responding is restricted to those enrolled with code below
 Viewing any part of Odyssey is restricted to those enrolled with code below
 Code if participation is restricted: [text area]
 Is player name needed for participation? Yes No

How many reviews of other responses are required before a new response is recorded? (May override for a particular challenge.)

Visitors will see responses to tempt them to register/enroll to participate.

What is the maximum number of reviews per challenge for which a single user who is not an administrator can get credit? Leave at -1 if you don't wish to impose a limit. (May override for a particular challenge.) Note that a non-administrator cannot review the same response more than once, which constitutes an independent limit.

What is the maximum number of critiques per challenge for which a single user who is not an administrator can get credit? Leave at -1 if you don't wish to impose a limit. (May override for a particular challenge.)

Method for calculating power for this Odyssey? Standard Linear

Producer administration
[Add Odyssey](#) ←
[Manage producer](#)

Odysseys Guide2 9

1A. Add Odyssey: Paying

By how many percent shall a response score be reduced per day the response is tardy?
 %
 (whole number percent in the range 0 - 100, please; no decimals)

Start date (yyyy-mm-dd):

Expiration (yyyy-mm-dd): (To delete this Odyssey, change the expiration to some date in the past.)

Paying:
 Producer (\$5 US per player for five months; free for players)
 Number of players paid for:
 Players (You pay nothing to set up; players pay \$5 US for unlimited posts for five months, or 2 cents US per post, of which you receive none)
 Both (\$10 US per Odyssey per year; players pay 2 cents US per post, of which you receive half)

For this Odyssey you owe: nothing

Odysseys Guide2 10

1A. Add Odyssey: Explanation

Public: **Yes.** *Eliminates need for codes*
 Player Name: **Yes.** *Required to give credit.*
 Reviews required before response recorded: **4**
3=Minimum: High, Low, Fewest reviews.
 Limit: Max # reviews/challenge: **7 = #Rqrd + 3.**
 Limit: Max # critiques/challenge: **3.**
Maximums prevent students gaming the system.
 Calculate power: **Linear** *Simpler for students*
 Tardy penalty: **10%** per day late
 Paying: **Players pay \$5:** unlimited posts 5 months

Recommendations: Before Using Odyssey

USER PERSPECTIVE:
 Study the User Guide at www.StatLit.org/pdf/2012-Odysseys-Guide1-6up.pdf. If possible, participate in an Odyssey to appreciate user needs.

PRODUCER PERSPECTIVE:
 Study these system controls to see what they do; study these system reports to see what they say. If possible, participate in an Odyssey as an administrator (producer) to better understand how the controls and reports are used.
