2:20pm #207: Causality Testing. Brian Knaeble, Braxton Osting and Placede Tshiaba.

TUESDAY Aug 9

8:35am #223: Causal Inference Methods in Air Pollution Research. Francesca Dominici and Xiao Wu*

8:40am #243: Analyzing Observational Studies Subject to Unmeasured Confounding Using Bespoke Instruments. ...

9:35am #236: Causal Effect Estimation in Graphical Models with Unmeasured Confounders. Rohit Bhattacharya*,...

10:30am #264: Role of Statistics in Science and Policy Making for the EPA. Invited panel

10:30am #227: Transforming Higher Education to Achieve Equity — Topic Contributed Panel

11:35am #285: Role of Context in Developing Statistics Assessment Items by L. Ziegler, J. Kaplan & A. Broaddus

12:05pm #285: Tensions in Student Thinking About Statistical Design. Kelly Findley* & Brein Mosely. U. Illinois C/U

2:00pm #314: Teaching Statistical Communication — Invited Papers session. Organizer: Shonda Kuiper

2:05pm Audiences and Arguments: Teaching Strategies of Effective Data Communicators. Sara Stoudt, Bucknell

2:25pm What 'counts' as Statistical Communication? Amelia McNamara, University of St Thomas

2:45pm Data Space: Using Data and Stories to Bring Disciplines Together. Shonda Kuiper, Grinnell College

3:05pm Argument Scaffolding: Template for Quick & Effective Communication. J. Auerbach, G. Mason; R. Nuzzo

3:25pm Discussant: Regina Nuzzo, Gallaudet University

WEDNESDAY Aug 10

7:00am #359 Roundtable. Gun Violence Research Designs Needed... James Landis Rosenberger*

8:30am #363: Causal Inference for Undergraduates: Invited Papers. Organizer: Kelly McConville, Harvard Univ.

8:35am Covariate Balance as Paramount to Causal Inference. Kari Lock Morgan, Penn State University

9:00am Developing Causal Thinking in Undergraduate Statistics. Kevin Cumiskey, West Point

9:25am Causal Inference Throughout the Statistics Curriculum. Leslie Myint, Macalester College

9:50am Discussant: Jeff Witmer, Oberlin College

10:30am #443 Contributed Poster session

#41 Teaching Students in Statistics Courses to Read Critically. Lisa W. Kay and Jill Parrott, E. Ky Univ.

10:30am #412: Addressing Key Issues to Promote the Uptake of Using RWE/D for Regulatory Decisions

11:15am Sensitivity Analyzes for Unmeasured Confounding: a Path Forward? Douglas Faries, Eli Lilly

2:00pm #486: Innovations in Introductory Statistics — Contributed Papers

3:05pm Statistical Literacy MATH 1300 at UNM: First Year Results. Milo Schild UNM.

2:00pm #458: Conformal Prediction, Semiparametric Statistics, and Causal Inference. Invited talk.

Inference for Sensitivity Parameters in Causal Inference. Larry Wasserman, Carnegie Mellon University

THURSDAY AUG 11
